ESTABLISHMENT OF COUNTY HEALTH DEPARTMENT AND TRANSFER OF ASSETS FROM HEALTH DISTRICT

Dear Mayor Roberts,

On May 31, 2022, the Snohomish Health District voted unanimously to support the County's withdrawal from the District and transition health services for the community into a County health department. On June 8, 2022, the County Council approved Motion 22-248 authorizing the County's withdrawal from the Snohomish Health District and creation of a unified County health department on January 1, 2023.

The County has set up multiple working groups to ensure the most seamless transition of health district staff, technology, and financial assets and liabilities. In connection with the transition of health services from the District to the County, the real property and fleet assets of the District will be transferred to the County.

Concerning real property, the District's building on 3020 Rucker Avenue in Everett will become part of the County's real property inventory and future responsibility. You may recall signing a quit claim deed in 2018 for a similar transfer of ownership for this building. A similar process is required for this transfer. A transfer agreement and quit claim deed for this purpose are attached for your review. Please sign the agreement, sign and notarize the deed, and return to Lacey Harper (at the address above) by November 30, 2022 to ensure we can complete the transition.

If you have any questions or concerns at any time, please feel free to reach out to either one of us at any time.

Sincerely,

Dave Somers
Snohomish County Executive

AGREEMENT TO RELINQUISH REAL PROPERTY INTEREST

THIS AGREEMENT TO RELINQUISH REAL PROPERTY INTEREST (this “Agreement”) is made and entered into as of this ____ day of _____, 2022 (the “Effective Date”), by and between _____, a municipal corporation of the State of Washington (the “City”), and Snohomish County, a political subdivision of the State of Washington (the “County”).

RECITALS

A. As contemplated in a 1990 memorandum of understanding and a 1990 interlocal agreement, both the City and the County contributed funds to the Snohomish Health District (the “District”). Those funds, along with funds from other cities and towns in Snohomish County, were used by the District to acquire real property commonly known as the Rucker Building, located at 3020 Rucker Avenue, Everett, Washington 98201 (the “Rucker Building”). The District acquired the Rucker Building for purposes of delivering public health service as required under chapter 70.05 and 70.46 RCW.

B. In 1995, the District amended its Charter at Article VII, Section 2, to provide processes by which: (a) the District would repay the County and each city and town that contributed to the purchase of the Rucker Building in the event that the District sold the Rucker Building, and (b) the County would repay each city and town that contributed to the purchase of the Rucker Building in the event that the County assumed sole responsibility for public health in Snohomish County.

C. In 2018, the District entered into a purchase and sale agreement for the sale of the Rucker Building. The District contemplated using the sale proceeds to acquire another, smaller facility with any remaining balance to be used for District purposes consistent with state law. All the cities and towns that contributed to the acquisition of the Rucker Building executed quit claim deeds to the District: (a) for purposes of clearing title and facilitating the sale, and (b) to relinquish any and all interest in the sale proceeds. Ultimately, the sale did not close, and the District remains the fee owner of the Rucker Building.

D. Pursuant to District Board of Health Resolution 22-16, dated May 31, 2022, the District voted unanimously to support the County’s withdrawal from the District. Pursuant to Motion 22-248, the County Council voted to authorize issuance of a notice of intent to withdraw from the District with a withdrawal date of December 31, 2022, with the intent to form a unified County health department. The District and the County are currently working towards the transition of public health services from the District to the County with an effective date of

December 31, 2022. This transition includes the transfer of title in the Rucker Building from the District to the County.

E. Beginning January 1, 2023, the County intends to use the Rucker Building for the operation of a County Health Department and delivery of public health services as required by state law. The County has asked all cities and towns that made contributions toward the purchase of the Rucker Building to relinquish any and all interest in the Rucker Building, including proceeds from any future sale, and the City has agreed to the same.

AGREEMENT

NOW, THEREFORE, in consideration of the respective agreements set forth below and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the County and the City agree as follows:

1. RELINQUISHMENT OF INTEREST. The City hereby relinquishes, releases and conveys to the County any and all right, title and interest held by the City in the Rucker Building, including, but not limited to, proceeds from any future sale or other right to reimbursement. In order to more fully effectuate its relinquishment of interest, the City shall executed a quitclaim deed in favor of the County in substantially the form attached to this Agreement as Exhibit A.

2. CONTINUATION OF PUBLIC HEALTH SERVICES. The parties agree and acknowledge that the County's operation of a County Health Department in the Rucker Building comprises a public benefit, and further, that this Agreement ensures the uninterrupted and continuous delivery of public health services in Snohomish County to the direct benefit of the City and its residents. The City's decision to relinquish its rights as described in Section 1 above is in consideration for these benefits and for the costs to be incurred by the County upon the creation of a County Health Department and the transition of uninterrupted public health services thereto. Further, the County agrees that proceeds from any future sale of the Rucker Building will be used exclusively for the provision of public health services in Snohomish County.

3. BINDING EFFECT. This Agreement shall be binding on and inure to the benefit of the County, the City, and their respective successors in interest and assigns.

4. COMPLETE AGREEMENT. This Agreement constitutes the entire agreement between the parties regarding the subject matter hereof and supersedes any and all prior oral or written agreements between the parties regarding the subject matter contained herein, including, but not limited to any memorandum of understanding, interlocal agreement, or District Charter Article VIII, Section 2. Any written or verbal agreements that are not set forth herein or incorporated herein by reference are expressly excluded.

5. EXECUTION IN COUNTERPARTS. This Agreement may be executed in counterparts, each of which shall constitute an original and all of which shall constitute one and the same Agreement.

IN WITNESS WHEREOF the parties hereto have executed this Agreement as of the date first above written.

NOW, THEREFORE, in consideration of the agreements set forth below and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the City and the Health District agree as follows:

1. Purpose.

- A. The recitals set forth above are incorporated herein by this reference.
- B. The purpose of this Agreement is to relinquish any potential ownership and financial interest in 3020 Rucker Avenue in Everett, Washington.

2. Term.

The term of this Agreement shall commence and be effective upon full execution and filing or recording pursuant to paragraph 15 below and shall continue indefinitely.

3. Responsibilities of the City and the Snohomish Health District.

A. Responsibilities of the City.

Within ten (10) calendar days of full execution of this agreement, the City agrees to execute a Quit Claim Deed in the form attached as Exhibit A conveying any and all interest, if any, the City may have in the real property known as the Rucker Building. The legal description of the subject property is encompassed within the Quit Claim Deed in Exhibit A. The executed Quit Claim Deed shall be sent to the Snohomish Health District for recording.

B. Responsibilities of the Snohomish Health District.

The Snohomish Health District agrees to use all net proceeds from the sale of Rucker Building to move into a smaller building, purchased or leased, with remaining proceeds to be placed into a new capital fund to be dedicated by the Snohomish Health District for operation and maintenance of said new building and associated property. If purchased, title to such new property shall be vested in Snohomish Health District.

4. Public Benefit.

The City has had the opportunity to conduct due diligence concerning its potential ownership and financial interest it may have, if any, to the Rucker Building and agrees to waive, relinquish and convey the same. The City and the Snohomish Health District agree that if the City does have a financial or ownership interest in the Rucker Building, that such interest is of approximately equal or lesser value than the public health services provided by the Snohomish Health District to the City and its citizens.

5. Legal Requirements.

Both parties shall comply with all applicable federal, state and local laws in performing this Agreement.

6. Public Disclosure Laws.

The City and the Snohomish Health District each acknowledge, agree and understand that the other party is a public agency subject to certain disclosure laws, including, but not limited to Washington's Public Records Act, chapter 42.56 RCW. Each party understands that records related to this Agreement and the District's performance of services under this Agreement may be subject to disclosure pursuant to the Public Records Act or other similar law.

7. Insurance.

Each party shall maintain its own insurance and/or self-insurance for its liabilities from damage to property and/or injuries to persons arising out of its activities associated with this Agreement as it deems reasonably appropriate and prudent. The maintenance of, or lack thereof of insurance and/or self-insurance shall not limit the liability of the indemnifying part to the indemnified party(s). Each party shall provide the other with a certificate of insurance or letter of self-insurance as the case may be upon request.

8. Indemnification.

The Snohomish Health District shall protect, save harmless, indemnify and defend the City its elected officials, officers, employees and agents, from and against any loss or claim for damages of any nature whatsoever, including claims by third parties or Snohomish Health District employees against which it would otherwise be immune under Title 51 RCW or other law, arising out of any act or omission of the Snohomish Health District in performance of this Agreement, its elected or appointed officials, officers, employees or agents, except to the extent the loss or claim is attributable to the negligence or willful misconduct of the City, its elected officials, officers, employees or agents.

The City shall protect, save harmless, indemnify and defend the Snohomish Health District, its elected and appointed officials, officers, employees and agents from and against any loss or claim for damages of any nature whatsoever, including claims by third parties or City employees against which it would otherwise be immune under Title 51 RCW or other law, arising out of any act or omission of the City in performance of this Agreement, its elected or appointed officials, officers, employees or agents, except to the extent the loss or claim is attributable to the negligence or willful misconduct of the County, its elected or appointed officials, officers, employees or agents.

Receipt of any notice shall be deemed effective three (3) days after deposit of written notice in the U.S. mail with proper postage and address.

10. Venue.

The laws of the State of Washington shall apply to the construction and enforcement of this Agreement. Any action at law, suit in equity, or judicial proceedings for the enforcement of this agreement or any provision hereto shall be in the Superior Court of Snohomish County, Everett, Washington.

11. Disputes.

The parties agree that, following reasonable attempts at negotiation and compromise, any unresolved dispute arising under this Agreement may be resolved by a mutually agreed-upon alternative dispute resolution of arbitration or mediation.

12. No third party beneficiaries; no joint venture.

This Agreement is for the sole benefit of the City and Snohomish Health District and shall not confer third-party beneficiary status on any non-party to this Agreement. Nothing contained in this Agreement shall be construed as creating any type or manner of partnership, joint venture or other joint enterprise between the parties. County employees who provide services under this Agreement shall at all times be acting in their official capacities as employees of Snohomish County.

13. Entire Agreement.

This Agreement constitutes the entire agreement between the parties regarding the subject matter hereof, and supersedes any and all prior oral or written agreements between the parties regarding the subject matter contained herein. This Agreement may not be modified or amended in any manner except by written agreement executed by both parties. Both parties recognize that time is of the essence in the performance and the provisions of this Agreement.

14. Severability.

- A. If a court of competent jurisdiction holds any part, term or provision of this Agreement to be illegal or invalid, in whole or in part, the validity of the remaining provisions shall not be affected, and the parties' rights and obligations shall be construed and enforced as if the Agreement did not contain the particular provision held to be invalid.
- B. If any provision of this Agreement is in direct conflict with any statutory provision of the State of Washington, that provision which may conflict shall be deemed inoperative and null and void insofar as it may conflict, and shall be deemed modified to conform to such statutory provision.

Stanwood Police Department CompStat Report

City of Stanwood Police Chief Jason Toner

Prepared by: Snohomish County Sheriff Office Crime Analysis Unit and Stanwood Police Department

OCTOBER 2022

Stanwood Police Department

COMPSTAT REPORT

What is CompStat?

CompStat stands for 'Computer Statistics' dealing specifically with crime. It is found to be an effective way to accurately track crime and use the information to deploy officers to address it in timely manner. It is a performance management system that is used to reduce crime and achieve other police department goals. It emphasizes information-sharing, responsibility and accountability and improving effectiveness.

What is the benefit to the community?

CompStat allows us to track crime problems and allocate resources to the areas that are being affected. By being able to focus our efforts on areas being impacted, we are able to make apprehensions and drive down crime in Stanwood.

How is data collected?

Crime Analysts access a variety of systems to collect and analyze law enforcement data. Data collection begins at the 911 call center (SNO911) and carries over into law enforcement records management systems (LERMS). Much of the information presented in this report is also reported to state and federal agencies annually.

What data will you see in this report?

What occurred within the city limits of Stanwood and calls responded to by the Stanwood Police outside the city.

This is a true representation of all police activity occurring in the City of Stanwood, you will see these calls listed as "In the STW Beat". On occasion, Stanwood Police officers will be called outside the city to assist other agencies. We also have deputies who live outside of the city so on occasion they will make a traffic stop or respond to a nearby call while commuting to work. You will see these call listed as "Answered by STW ORI"

Incident data:

This represents what police were called to and includes self-initiated activity. Multiple 911 calls for the same incident are presented as a single incident.

Case data:

An incident becomes a case when the deputy determines reporting protocol is met. A case is often generated based on a specific crime, traffic collisions, arrest or the need to document specific actions or information.

OCTOBER 2022

Stanwood Police Department

Message from the Chief

October has seen a change from warm temperatures and smoke-filled skies to a more normal October weather of wind, clouds, and rain. Additionally, big changes for Officers Kargopolitsev and Kelly as they both welcomed brand new babies into their families. Both babies and mothers are doing great.

Another change this month for Stanwood PD is the SRO position is no longer being part of the Stanwood's contract for police services. The Stanwood Camano School District will contract directly with Snohomish County for the SRO position. Stanwood PD will still be working closely with SRO McCurry and our officers will still be stopping by the high school for lunch regularly.

This month Stanwood PD had our 3-year audit by Washington State Patrol of our state and national databases entries (WACIC/NCIC). These entries include protection orders, vehicle impounds, stolen vehicles, license plates, guns, tools, etc. Additionally, all of our database user acknowledgment documents, interagency agreements, and applicable procedures were verified that they were all up to date. Stacey Davis, our senior Record Specialist, did such an outstanding job on the audit, Washington State Patrol is going to "borrow" some of our entries and the corresponding documents for training in their new Firearms Background Division.

Crime Trends:

Last week one of our night shift officers observed a person in a parked vehicle actively using drugs at one of our local gas stations. Our officer contacted the male subject and recovered 52 fentanyl pills, methamphetamine, and drug paraphernalia. The investigation revealed the drugs were for personal use. A common question is how in the world is 52 pills "personal use". The fentanyl pills or "blues" as they are commonly referred to can be purchased for as low as \$2 a pill and our subject smokes 8-10 pills a day. Per current Washington State law, our officer could not arrest the subject, but had to give him a diversion and recommend he seek treatment. The subject's name was passed on to social worker for follow-up. As we have contacted this male since this incident, as he is currently homeless, he has not sought treatment and I expect he will continue to commit minor crimes to feed his drug addiction.

Community Engagement:

Stanwood PD had a great time passing out candy during Stanwood's "Ghouls Night" on Main St 2pm-5pm. It was raining during the day and a little slow for trick-or-treaters, but once school let out, the wave of kids needing candy arrived. We gave out 12 bags of large Costco sized bags of candy during the event. Later that night I was out patrolling the neighborhoods and gave out four more bags of candy.

Detective Report

Update-Stanwood Police Case 2019-1570 Burglary and Identity Theft Second Degree

On 03-07-2019 Deputy Fuchs responded to a burglary in progress in the 28000 block of 80 AV NW, Stanwood. A woman arrived home at about 5pm and noticed a black sport utility vehicle parked at her family's farm. After calling her father and confirming no one was supposed to be on the property, the woman walked toward the farm and saw two men carrying items, walking from the detached garage toward their car. When the subjects saw the woman, they jumped into the vehicle and fled with the items they stole. The woman was able to record the license plate of the vehicle. Deputy Fuchs shared this information with area law enforcement.

On 03-08-2019 Deputy Vaughn observed a black Dodge Durango on State Route 532, west of the County line. The vehicle appeared to be disabled as there were people pushing it in the westbound lane of travel. While he was assisting to push the Durango to the side of the road with his patrol vehicle, Deputy Vaughn recognized the car matched the description of the suspect vehicle from the burglary on 03-07-2019 and later confirmed the vehicle's license plate matched the suspect vehicle's license plate.

The male driver exited the vehicle and walked away, leaving behind a female (front seat passenger) and another male. The driver was later located by a deputy with the Island County Sheriff's Office and arrested on outstanding warrants. Detective Martin responded to the location and observed items inside the Durango that were stolen from the burglary. The vehicle was impounded as evidence, pending a search warrant.

Detective Martin served a search warrant on the Durango and recovered items from the burglary as well as evidence of identity theft linked to the female. Stanwood Camano School District

SCHOOL RESOURCE OFFICER

SCHOOL SAFETY / REUNIFICATION

The District Office has made a push to strengthen and solidify our reunification plans. On October 6th, School Resource Officer Deputy McCurry attended the Everett School District Reunification Drill as an observer. He was able to observe a small scale reunification drill involving 125 students and 70 parent volunteers as Everett School District staff worked through their procedures. He brought back his observations and met with District staff, along with representatives from local fire agencies to discuss ideas and concerns. Our current reunification plans closely mirror what Everett has in place. We are working on plans to hopefully run a tabletop drill in the near future, with hopes to run our own small scale drill.
